

SECRETS VAULT

Absolute privacy for your
most sensitive data

Visual Safeguard

Protect your data from unauthorized access, corruption, and theft using the power of Visual Cryptography. No passwords, no hardware, no software agents, just a simple image. Guarantee data confidentiality, integrity, and availability with cutting-edge cryptographic safeguards.

Key Benefits

Absolute privacy safeguarding your data by using images.

Empower teams with effortless, secure data sharing.

Top-tier security powered by advanced quantum-resistant cryptography.

Seamless integration with your own systems via API.

Addressed Issues

- Misconceptions about cloud storage security
- Effortless backup of master recovery keys, Disaster Recovery Plans and similar sensitive information
- Identity wallets backup (EIDAS 2)
- Trust issues with password managers
- Securely share confidential data externally, without email vulnerabilities
- Robust backup of self-custody crypto-wallets
